EBEC Challenge

BEST Course

Our offer

Our organization has many years of successful experience in organizing engineering competitions. In previous years, we organized the EBEC Challenge (European BEST Engineering Competition), the largest student-organized engineering competition series in Europe.

Participants have chance to test their problem solving capabilities in situation based on real life problems, which is very popular among engineering students of BME: **around 100 participants** compete locally each year.

Innovative Engineering Competition

About BEST

Our offer

What do we offer?

CHANCE FOR INTRODUCTION

During our events, we provide chance for our partners to show their opportunities for engineering students in a form of a short presentation

OPPORTUNITY FOR NETWORKING

Our partners have chance to get know the most active and creative participants

PROVIDE THE TOPIC

Your company has chance to shape the program of the event from a very early stage to help determine the topic, exercises and evaluation

PRIZES

You have chance to offer valuable prizes for the events, which might be a company visit or an internship at your company
